"Plain House Talk," embracing "Medical Com-
mon Sense," of "Science in Story," etc., and

FOOTE, SR., is in Salt Lake City for the pur-
pose of showing that the only Dr. Foote, Jr., or
Dr. Foot, Jr., entitled to that designation, who
has made himself conspicuous as a practitioner

has never visited Utah or the Great West, per-
formed medicine outside of New York City, where
he has been associated with his father
for ten years. Anyone using this name must
show some reason that entitles him to do so, or
his pretensions will be challenged. Anyone
who fraudulently, and with the intent to de-
ceive, uses a name which does not belong to
him, can hardly be depended upon as a safe
counselor when health and life are at stake.
The readers of Dr. Foote's works, all patients

The News from the Northwest.

WEDNESDAY, May 25.—The remains of Cor-
poral Code and Privates Frazer and Keady,
of the Ninetieth Rifles, were buried
yesterday, with military honors, under
the auspices of the Montreal Artillery. The
cortege was very large and imposing, all
the public bodies and several of the societies
taking part. The bodies were buried in St.
John's Cemetery.

The battle which broke out between Clark's Cross-
ing and Prince Albert, which was cut at the
commencement of the rebellion, was repaired
Saturday. A dispatch from Prince Albert
says that Boulton's mounted troops left that
point Friday by trail for Battleford, and
Middletown left for the same place by the
steamer "Northwest" with the Midland bat-
tery and the galling. More troops will fol-
low when the other steamers get up to Prince
Albert. The Winnipeg field battery will do
garrison duty at Prince Albert along with
the mounted police. Congratulatory telegrams
have been received by Middletown from the
Governor-General and Lord Wolsey.

Several members of the Ninetieth Rifles
have been granted leave of absence, and have
left for home.

FRANK ALBERT, N. W. T., May 25.—The
Ninetieth Rifles left for Battleford by the
steamer "Edwards" and "Alberts." The
Grandmasters had to go by trail with the scouts
and the transport teams, owing to the non-
arrival of the steamer "Marquis."

The Dairy Industry of the Country.
WASHINGTON, May 25.—Commissioner
Coleman, being anxious to obtain all the
facts possible pertaining to the dairy indus-
try of the country, and particularly re-
specting the manufacture of articles de-
signed for pure butter, butterine, salu-
parola and like compounds, has prepared a
circular to manufacturers of dairy product.
It is his wish to place before Congress and
the country a complete statement of the
factory product of cheese and butter, as well
as their adulterated imitations, and he sug-
gests the propriety of making monthly re-
ports of the work of each manufacturer, in
order that returns may be obtained more
readily for each time as may be deemed best
to aggregate the result. October, he says,
being the month when cheese making de-
clines, it may be decided to have all the re-
turns of the butter and cheese production
terminate then, allowing six months for the
dairy season. This would better determine
the comparative production of one State
with another; and in the summer months the
conditions of food will be more uniform,
cows consuming alike natural grasses.

**A Delightful Excursion for Ex-
cursionists.**
SAN FRANCISCO, May 25.—News has
just reached here that the Yosemite state
which left Madera Friday morning was
robbed by highwaymen near Clark's station.
The passengers comprised several members
of Raymond's excursion. Everything in the
way of jewelry and money was taken from
them, and the robbers also captured Wells,
Fargo & Co's treasure box. The value of
the latter is not yet known. The names of
the tourists are W. E. Waite and wife,
Providence, R. I.; Mr. Chance and wife, C.
C. Wheeler and Mr. Harris. The residences
of these latter are not reported. A reward
of \$1,200 is offered for the capture of the high-
waymen. Four sheriffs with a posse are in
pursuit.

Bad for the English Crops.
LONDON, May 25.—The Mark Lane Ex-
press says the cold weather brings the sea-
son dangerously late for crops, which are
already so backward. The quantity of cold
rain which has fallen is unfavorable for the
wheat crop, the color of which is getting
darker daily, and should the weather change
it is still doubtful whether wheat would re-
gain what it has lost during the month.
Foreign wheat is slightly more active.
Trade was confined to the sale of the high-
waymen. Four sheriffs with a posse are in
pursuit.

A Backward Season in Canada.
TORONTO, May 25.—The report of the On-
tario Bureau of Industries for May states
that the reports received show that wheat
was in almost as good condition on April last
as on the 1st of November last year. Ap-
parently the greatest damage has been done
by hard frosts, the northwest winds of April
and the low temperature of the first ten
days of May, but plants remain firmly
rooted and healthy, and the opinion is gener-
ally expressed that with favorable weather a
speedy recovery will be made.

Frightful Fatality at Plymouth.
WILKESBARRE, Pa., May 25.—Seven deaths
have occurred at Plymouth since last even-
ing, and a number of new cases have been
reported this afternoon. A hopeful feeling
was caused by the slight death rate of Thurs-
day and Friday, but it has again given way
to despondency, the people seeing no end to
the plague. There are now forty-four pa-
tients in the hospital, and more will be
placed there as soon as accommodations can
be furnished. Physicians report that there
are apparently no cases of fever anywhere
in the county outside of Plymouth and
Plymouth township.

The Geology of the Cascades.
WASHINGTON, May 25.—Captain Clarence
E. Dutton, of the ordinance department of
the army, who has been engaged for ten
years in the study of the geology of the
great plateau region of the West, started
last week for California, under instructions
from Major Parnell, Director of the Geologi-
cal Survey, to make a study of the geologi-
cal phenomenon presented by the Cascade
mountains.

An American Naval Officer Suicides.
LONDON, May 25.—Lieutenant John
Loomis Shook, assistant naval constructor
of the United States navy, on special duty
at the Royal College, Greenwich, England,
committed suicide to-day by shooting him-
self. The tragedy occurred at Blackheath.

The Weekly Clearances.
BOSTON, May 25.—Leading clearing houses
of the United States report the total clear-
ances for the week ending May 24, 1885,
were \$29,114,573, a decrease of 28.4 per cent
as compared with the corresponding week of
last year.

Unappreciated Railroad Work.
SPRINGFIELD, May 25.—An armed train to-day
surprised a body of rebels tearing up the
rails of the new railway, and opened fire
upon them. It is estimated that the rebels
lost several hundred men.

A Holiday in London.
LONDON, May 25.—To-day (White Monday)
is a holiday and the Bank of England and
Stock Exchange are closed.

SAN FRANCISCO, May 25.—Archbishop Jose

Who Are "Offensive Partisans."

PITTSBURGH, May 25.—In an interview with
the Washington correspondent of the Pitts-
burgh Post to-night, First Assistant Post-
master-General Hay said that in his judg-
ment postmasters and others subject to re-
moval should be divided into two classes—
first, the offensive partisans, and second,
those neglecting to give attention to their
duties. He then gave the definition of an
"offensive partisan." It was expected that
every postmaster should keep his office in a
convenient place for the public, in good con-
dition, and in all respects a place where peo-
ple of all kinds could go without being sub-
jected to annoyance. If, on the contrary, a
postmaster should make his postoffice head-
quarters for loafers to congregate, and in
other ways offend people who called there
for their mail, such a man could properly be
described as an "offensive partisan," and a
fit subject for removal. The next class con-
sisted of postmasters who left their offices to
attend political meetings and participate in
campaigns to the neglect of their duties.
They could not, properly speaking, be called
"offensive partisans," but they merited dis-
missal just the same.

Today's Stocks and Finance.
NEW YORK, May 25.—Stocks were weak
this morning, showing a decline of 3/4 to 1%.
New York Central was down 3/4 and Dela-
ware and Hudson 1%. There was an active
selling movement during the first half hour,
when prices further declined 1/4 to 1 1/4, the lat-
ter Lackawanna, but Pacific Mail and Union
Pacific were prominent for losses made.
After 10:30 the market became more quiet
and advanced a fraction. Consols have been
active and strong, and the market was
very dull and prices steady.

Bar silver, 107 1/2. Stocks continued dull
and steady until 11:30, when they became
somewhat excited and again weak, the de-
cline being led by Lackawanna, which
sold down to 102 1/2, a net decline from Sat-
urday of 2 1/4. Grangers, Vanderbilts and
Western Union being comparatively steady.
At noon the market was moderately
active, on a slight rally from lowest prices
of the day.

At 1:30 and steady during the after-
noon until the last hour, when they first be-
came more active and weak again, but rallied
later, and closed finally 3/4 to 1 lower
than Saturday, and generally somewhat
above lowest prices of afternoon.

The Presbyterian General Assembly.
CINCINNATI, May 25.—In the Presbyterian
General Assembly this morning, S. R. Bell,
D.D., of Missouri, offered resolutions against
Sunday newspapers, and committing the
church to the policy of what is commonly
known as "prohibition." These resolutions
were referred to the committee on temper-
ance and church policy. Bishop Rose, of the
Methodist Episcopal Church, was invited to
a seat on the platform and received by the
Moderator, the assembly standing. The
standing committee on Foreign Missions re-
ported the total of \$4 for \$116,000.
Under the care of this Board are 198
churches, with 11,920 communicants; 194
Sabbath schools, with 10,000 scholars. Dur-
ing the year 1,700 members have been added to
these churches.

An Epidemic in Ohio.
STRENTZVILLE, Ohio, May 25.—The epi-
demic which broke out a few days ago at
Paris, Penn., is thought to be spreading.
The disease has broken out at Hanlin's sta-
tion, on the Pan Handle. Several cases are
there. A position from Bellevue Hospital,
New York, is at Paris today and will hold
consultation with Dr. Hill and other physi-
cians this afternoon. He pronounced the
disease black tongue, and generally of the
viral form. Fears are entertained that
towns in the neighborhood will become in-
fected. Sanitary measures are being adopted
at all the neighboring towns.

An Atrocious Assassination.
NOBLES, Mo., May 25.—Some days ago
James Masters, a farmer living five miles
from here, was urged by James Martin, an-
other farmer, to join a mob of robbers, dur-
ing which he (Martin) belonged. Masters re-
fused, and Martin, fearing Masters would
betray and reveal the existence of the band,
waylaid and assassinated him Saturday
morning, shooting him with a Winchester rifle.
Martin was caught and jailed.

Honoring the Dead Hugo.
PARIS, May 25.—The remains of Victor
Hugo were conveyed to the Arc de Triomphe
to-day and laid to rest on the catafalque.
Victor Hugo's funeral will take place next
Sunday. The body will lie in state under
the Arc de Triomphe until Saturday.
The Communists of Paris have resolved to
attend the funeral and to march with red
flags in the procession. If they do, it is
believed there will be a riot.

The Wheat Market.
CHICAGO, May 25.—Wheat dull, but steady,
closing a shade under \$1.00; 88 1/2 cash;
\$1.00 June, 91 1/2 July, 89 1/2 August,
87 1/2 corn excited, lower, 4 1/2 cash, May, 4 1/2;
June, 4 1/2 July, 4 1/2.
Oats active, lower, 3 1/2 cash, May, June,
3 1/2 July, Whiskey, 1 1/2.

Grant Greatly Improved.
NEW YORK, May 25.—Col. Fred Grant said
this morning that last night was the most
comfortable night his father had passed in
weeks. He had eight hours good and
restful sleep, and is this morning free from
pain.

Murdered at His Own Door.
SAN FRANCISCO, May 25.—Doctor N. L.
Bruck, a highly respectable citizen of Oak-
land, was shot dead at his door last night by
Henry F. Brimble, a member of Joe Hood's
post, Grand Army of the Republic. The
murderer was arrested.

Pugilist Sullivan's Cruel Wife.
BOSTON, May 25.—John L. Sullivan, pugil-
ist, has entered a counter suit to his wife's
suit for divorce. He charges her with cruel
and abusive treatment and gross habits, in-
cluding intoxication.

Whiteland Held Coming West.
CHICAGO, May 25.—Whiteland Reid, editor
of the Tribune, arrived here this morning
en route for California. Mr. Reid and fam-
ily leave for California in a special car to-
morrow to-day.

More French Monkeying.
SHANGHAI, May 25.—The British steamer
"Waverley," with cargo of spelter, has been
seized by the French on the ground that her
cargo is contraband of war.

The Coming American Actress.
The coming actress must be sought in the
South. The Florida Herald says:
"Under the softer skies and balmy air
of the far South, in the glow of its
fertile sun, a young girl is growing up,
tall, stately, beautiful, with the passion-
ate throbs of genius in her breast, and in
her radiant eyes the glow of promise as
rich as the rosebuds of hope. We expect
to see her at the head of American ac-
tresses, and it is proper that the passion-
ate South should give her birth."

The future of this stately beauty with
the "passionate throbs of genius" might
be more easily foretold if it were known
who will make her stage wardrobe, and
how extensive it is to be.—Chicago Times.

WITH FIXED BAYONETS.

The Paris Communists Commemorate
the Fall of the Commune.

A Bloody Riot at the Pere la Chaise
Cemetery.

The Republican Guard Charge the Mob
With Fixed Bayonets.

A Bloody Sunday in Paris.

PARIS, May 24.—To-day being the anni-
versary of the fall of the Commune, the
Communists of Paris attempted to hold a
demonstration at the tombs of their com-
rades in Pere la Chaise Cemetery. The
police interfered and prevented a display
of sedition. A serious conflict ensued,
in which several men were wounded, but the
police finally dispersed the rioters, thirty of
whom were arrested. The police ordered the
Communists to surrender their red flag. The
latter refused, fighting ensued, and the police
drove the rabble against a heap of stones.
The rioters used stones, and one of the po-
lice was knocked senseless and another's
jaw was broken. The Republican guards,
with fixed bayonets, charged the mob.

Wounding several in the foremost rank, one
fatally. Several rioters were arrested, but
were afterward released. One anarchist re-
fused to surrender, and others were fear-
fully gashed. The police were unusually
severe, showing no quarter. The scene re-
sembled

AN OUTBREAK OF THE REVOLUTION.
Shops in the vicinity of the riot were hur-
riedly closed, and the utmost excitement
prevailed until a late hour. Knots of Com-
munists gathered at various places to-night,
vowing vengeance on the police and govern-
ment.

Midnight.—It is said at a late hour to-
night that five persons were killed and
Boulet's riotous rioting this afternoon.
PARIS, May 25.—The police expect and are
prepared for a renewal of the commu-
nist riot at Pere la Chaise cemetery to-day or to-
morrow. Communist papers cry for
VENGEANCE UPON THE POLICE.

And troops for attacking and bayoneting the
people who attempted yesterday to make
a demonstration at the graves of the com-
munists in the cemetery. These journals,
in order to incite the mob, falsely asser-
ted that the soldiers during yesterday's riot shot
four Communists dead. Threats are made
to attack the authorities with arms and
dynamite.

PARIS, May 25.—4 p. m.—To-day's demon-
stration of communists in the celebration of
the fall of the commune has, up to this
hour, been peaceful. The government troops
drew the troops and allowed the procession-
ists to march into Pere la Chaise cemetery
with red flags. The police also left
the communists to themselves. Henry
Rochefort made his appearance and was
hailed by the paraders with
SHOUTS OF VIVE LA COMMUNE.

The policy of the authorities in simply
ignoring the demonstration is praised. The
Communists, not being opposed, vented their
enthusiasm and alleged boldness in
harmless shouts. They claim, however, to
have overawed the authorities and boast of
their victory.

Action on the Indian Outrages.
WASHINGTON, May 25.—A telegram in regard
to the recent Indian outbreak, of which the
following is a copy, was to-day sent to the
commanding generals of the divisions of the
Pacific and of Missouri: "Use every exer-
tion possible and call for all assistance
of Federal troops you may require to
suppress the Indian outbreak in Arizona
and New Mexico. The outrages must be
stopped in the shortest time possible, and
every precaution taken to prevent the re-
currence in the future. By order of the
Secretary of War."

On Cannibalism.
On the two fields of Waterloo and Lin-
den splendid crops of crimson poppies
appear every year. The ground which ex-
posed to the enemy is packed with the re-
mains of soldiers. The preparations of
opium derived from the poppy have been
used in the form of laudanum and pare-
goric. So, pain has been stifled by the
remains of pain, and death and babies
put to sleep by the bodies of men who
fell in the deadly onslaught!

call him superstitious because he imports
dried and smoked lizards for his patients.
It seems, according to the Medical
World, that the reptiles are administered
in cases of consumption anemia with con-
siderable success, due to the large
amount of azote and phosphorus con-
tained in them.

CAPTURE OF A CRACKSMAN.

A Burglar Before Whom Locks,
Bolts and Bars Soon Fly
Astride.

New York, May 25.—The detective force,
under the supervision of Inspector Byrne,
made an important arrest last night. On
April 29th the safe of Smith & Co., at 45
Park Place, was robbed of all it contained
worth having. On Thursday night last, S.
B. Horton & Co., No. 59 Park Street,
suffered a similar loss. The negotiable
amounts taken in either case were not large,
but the methods of manipulation in each
instance were similar. Inspector Byrne
knew that Gustavus Kent, alias French Gus,
alias Isadore Marshall, who had escaped
from imprisonment several times, was re-
leased from Sing Sing about a year ago; the
Inspector knew that French was in New
York, and suspected that Kent might be the
man he wanted. He detailed detectives
Lyon, King, O'Connor and Slawson
to watch Mr. Kent. These officers
learned that Miss Rose Kent, a daughter
of Kent, who lives at 415 East Twelfth street,
had in her house many of the articles taken
in robberies; they had also learned that
the latter refused, fighting ensued, and the police
drove the rabble against a heap of stones.
The rioters used stones, and one of the po-
lice was knocked senseless and another's
jaw was broken. The Republican guards,
